

“The simplest rule of styling is in the materials used for the bathrooms. Highlight one wall with patterned tiles and use plain tiles on all the other walls. Adding a plant will not only bring in some greenery, but also add a touch of style. Use a dramatic mirror for the powder room to up the glamour quotient. An artwork complementing the colours of the tiles gives a personal touch.”

“Luxury and comfort are essential. For a grandiose appeal, opt for a monochrome theme with hints of gold. The combination of black and gold is an absolute hit for a royal feel. Styling the walls well is essential as the bathroom is a retreat, a place where you can sink into a deep bubble bath at the end of a long hectic day.”

Jimmy Mistry, Principal Designer, Della Group

“A bath suite is your private space for peaceful reflection. When it comes to walls, simple yet elegant is what we believe in. Utilising the perfect blend of visually striking, angular lines and essential contours, the Sternhagen suites are designed to infuse your daily life with timeless modern aesthetic. The walls are designed keeping aesthetics and a calming experience in mind.”
